

Safety policy ViaCon Hamco

The ViaCon Group puts safety first in product development and in its operations. Staying or moving around the company buildings, roads and production facility creates a potential risk for people who do not have the knowledge of possible hazards and must apply to a set of rules:

- Visitors stay and move around the company premises only when assisted by a ViaCon employee. No photos or filming is allowed without approval
- No alcoholic beverages are allowed on the premises
- Safety equipment should be worn at all times

In case of emergency

MEDICAL SERVICES 112
FIRE SERVICE (INDUSTRIAL AREA)
0208 458-4682
FIRE SERVICE (LOCAL) 112
POLICE ASSISTANCE 110

The following people should also be informed:

Operations manager

Safety gear

To access the factory visitors must wear safety equipment:

- Safety Vest
- Safety Glasses
- Steel Toe Shoes or Toe Cap
- Ear plugs
- Helmet

IF evacuation is necessary:

- Follow emergency route and exit signs
- Observe the guidelines of the person leading the emergency
- Go to the designated gathering point
- Do not leave the gathering point until permission is given by the person leading the emergency procedure
